

The Sustainable Built Environment Speaker Series

&

IRIS

The Institute for Research and Innovation in Sustainability (IRIS) present:

Sustainable Transportation for the GTA

Monday, April 27th 12:00-1:00pm

York Lanes Rm 305

Chris Wong, Director of Master Planning and Transportation Planning for the York University Development Corporation, will speak to the development of the Busway and the Subway to York.

Jody Graydon, Marketing Manager, Smart Commute, will introduce Smart Commute as an organization and the kind of projects they have been involved in.

Joshua Engel-Yan, Senior Advisor, Policy and Planning, Metrolinx, will talk about the Transportation Plan for the GTA.

Nicole Arsenault, York University Transportation Services, will review York's Transportation Plan and its sustainability initiatives.
